

VOLUNTEER EVENT COORDINATION

Project Overview

A portfolio case study demonstrating my experience supporting the planning, communication, coordination, and follow-up of a virtual volunteer engagement event.

My Role

I supported key administrative and coordination activities throughout the event lifecycle, from the initial announcement through post-event communication.

Responsibilities

- Announced the event date to the organization
- Created an event poster
- Created a newsletter to promote the event
- Distributed the event announcement by email
- Developed the event agenda and presentation
- Organized activities such as games and prizes within the event agenda
- Communicated with invited speakers and the event host
- Sent reminder communications before the event
- Supported coordination for the virtual event on Google Meet
- Sent a thank-you email following the event
- Prepared an event update for Board members who were unable to attend

Event Communication

Communication was handled across multiple stages:

- Initial event announcement
- Newsletter promotion
- Speaker and host communication
- Reminder emails
- Post-event thank-you message
- Board update

Tools Used

- Google Slides
- Google Docs
- Google Meet
- Email
- Canva

Project Outcome

The event communication and coordination process helped ensure that volunteers were informed about the event, speakers and the host were prepared, attendees received reminders, and key stakeholders received a post-event update.
